

**Nemko Laboratory
Authorisation
Aut. No.: ELA 126**

EMC Laboratory: **Global EMC Standard Tech. Corp.
No. 3, Pau-Tou-Tsuo Valley,
Chia-Pau Tsuen, Lin Kou Hsiang,
Taipei County, TAIWAN, R.O.C**

Scope of
Authorization: **All CENELEC standards [ENs] for EMC and standards for
radio transmission that are listed on the accompanying
page, and, all of the corresponding CISPR, IEC and ISO EMC
standards that are listed on the accompanying page.**

Nemko has assessed the quality assurance system, the testing facilities, qualifications and testing practices of the relevant parts of the organization. The quality assurance system of the Laboratory has been validated against ISO/IEC 17025 or equivalent. The laboratory also fulfils the conditions described in Nemko Document NLA -10. During the visit by the Nemko representative it was found that the Laboratory is capable of performing tests within the Scope of the Authorization.

Accordingly, Nemko will normally accept test results from the laboratory on a partial or complete basis for certification of the products.

In order to maintain the Authorisation, the information given in the pertinent NLA-10 must be carefully followed. Nemko is to be promptly notified about any changes in the situation at the Laboratory, which may affect the basis for this Authorisation. The Authorisation may be withdrawn at any time if the conditions are no longer considered to be fulfilled.

The Authorization is valid through [December 31, 2013](#).

SCOPE OF AUTHORIZATION

BASIC TESTS AND ASSOCIATED STANDARDS

Capability to perform a basic test implies also that any product (family) standard calling up this basic test is also within the scope if mentioned below or not.

Disturbance emissions
